Please hand over/take over the charge on a mutually acceptable date, not later than June 30, 2016. I give below some points to be kept in mind at the time of transfer:

I request the dean of the region to oversee the handing over ceremony.

Transfer is part of our life and ministry as Priests and Religious. Every transfer is an actualization of the mission or mandate we have received from the Lord at our ordination or profession to carry his Good News to whichever place or ministry one is assigned. The joyful acceptance of any transfer brings along with it God's special graces. Understood in the correct sense, every transfer is not a mere administrative shifting exercise but a purposeful intervention in the life of the one who is sent and to whom he/she is sent.

When a Priest is transferred, he should leave his place for his successor in a way that he expects to find his new place. It is essential to keep in mind that our mission is one, that our successors should not have any difficulty because of our carelessness or negligence.

Hence the need to keep the **Parish registers, account books, the stock register and various other files** up to date. There should be no undeclared pending bills, no unauthorized loans, no unjustifiable deficit, for the next Priests to take care of.

Likewise, all almirahs and rooms in the house should be put in order. If in any presbytery, almirahs are full of things and nobody knows whose they are, the Superior should presume that they belong to the mission station and put them in the right place.

May God bless you all!
